Built for *Business*

Outstanding A3 Colour Laser Printer for the Dynamic Business

Enhance productivity in any business environment with the imageCLASS LBP811Cx. This versatile printer supports a variety of media sizes, allowing businesses to efficiently manage a wide range of printing tasks. An ideal choice to boost workplace productivity.

UP TO **30** PRINS/MIN (A4)
FAST PRINT SPEED

QUICK **11.3** s
FIRST PRINT OUT TIME (MONO)

WIRELESS CONNECTIVITY

+4
PAPER FEEDER (OPTION)

UP TO MONO **15 000** PRINTS

UP TO COLOUR **14 000** PRINTS

HIGH-YIELD CARTRIDGES

EXPANDABLE PAPER CAPACITY

Designed to meet your growing business needs, the printer is suitable for handling large volume print jobs with an expandable paper capacity of up to 2 550 sheets and can support a diverse range of print media sizes from A5 to A3.

COST-SAVING DUPLEX PRINTING

Automatic duplex printing allows for sustainable two-sided printing, which helps to reduce paper usage and lower carbon footprints.

SECURE & SEAMLESS CONNECTIVITY

With Dual Network, you can share the printer across two different networks simultaneously. This enables administrators to perform network segmentation without compromising on security.

ENHANCED DATA PROTECTION

TLS 1.3 encrypts and protects data from sniffing, spoofing and tampering, as well as allowing the system's integrity to be monitored during startup.

Paper Feeder			Paper Feeder PF-L1 (550 sheets)
Plain Pedestal			Plain Pedestal BA1
Barcode Printing Kit			Barcode Printing Kit-D1E

*1 Print speed is measured based on internal testing using A4/Letter size paper printed with 100% print ratio to original on one-sided paper. Internal testing involved continuously printing the same one page of content on plain paper. Print speed may vary depending on paper type, paper size or paper feeding direction.

*2 First print out time is measured based on internal test procedure and may vary. When the printer is in the ready state, this is the time from receiving the print instruction from the controller to printing one sheet and finishing paper ejection.

*3 Custom size for paper feeder: min. 85 x 148 mm to max. 297 x 431.8 mm; additional attachment may be required.

*4 The latest drivers for Windows, Windows Server, macOS and Linux can be downloaded from https://asia.canon/support website when available.

*5 Power consumption is based on internal test procedure and may vary.

*6 Monthly Duty Cycle value provides a means of comparison for product robustness in relation to other Canon laser printer devices, and does not refer to actual maximum image output per month.

*7 Excluding toner cartridge.

*8 Toner cartridge is in accordance with ISO/IEC 19798.
