## **PIXMA** G1730

# Refillable Ink Tank Printer with Low-Cost Ink Bottles

This high-performance printer combines low-cost\*5 printing with easy operation and maintenance, alongside being compatible with low-cost\*5 ink bottles for greater cost efficiency.

Economy Mode\*

REFILLABLE INK TANK PRINTER WITH LOW-COST'S INK BOTTLES

# LOW-COST\*5 INK BOTTLES

Small and standard ink bottles are available to meet the different requirements in print volume.

\*Published highest yield is achievable based on Standard ink bottle and printing on Economy mode. For more details, refer to specifications on underside of leaflet.

## EASY, HASSLE-FREE INK REFILLING

Ink refilling is now made easy. Each ink bottle nozzle is designed to fit seamlessly only into the designated ink tank, eliminating potential mixing accidents.

## EASY MAINTENANCE

The easy-to-replace maintenance cartridge makes maintenance fuss-free and extends the printer's lifespan even when printing in high volumes.

# COMPACT, SPACE SAVING FOOTPRINT

The printer's compact footprint allows it to fit into tight spaces with ease.

#### Specifications are subject to change without notice.

- <sup>1</sup> Ink droplets can be placed with a pitch of 1/4800 inch at minimum.
- Document print speeds are the averages of ESAT (Word, Excel, PDF) in Office Category Test for the default simplex mode, ISO/IEC 24734.
  Photo print speed is based on the default setting using ISO/JIS-SCID N2 on Photo Paper Plus Glossy II and does not take into account data processing time on host computer.
  Print speed may vary depending on system configuration, interface, software, document complexity, print mode, page coverage, type of paper used etc.
- <sup>\*3</sup> Operation can only be guaranteed on a PC with a pre-installed Windows 7 or later.
- $^{\rm 4}$   $\,$  When printing ISO/JIS-SCID N2 on A4 size plain paper using default settings.
- The page yield is based on the consumption data from the succeeding ink bottle but not the first ink bottle. Page yield is the estimated value based on Canon individual test method using the ISO/IEC 247t2 chart under ideal print conditions & continuous printing simulation with the replacement after initial setup. Mentioned print yield is from the replacement set of 6-ink bottles (GY/C/M/Y/R/BK) & each bottle contains 60ml of ink. Page yield varies significantly depending on contents printed and other factors. MRP of Black ink bottle G171 is INR 488 and G171s is INR 314. MRP of each colour ink bottle G171 is INR 422 and G171s is INR 292 inclusive of all tax.
- <sup>16</sup> The Economy mode reduces the ink consumption by lowering the density. More pages can be printed than the standard mode.
- <sup>\*7</sup> Black ink is not used when printing under this condition. However, a minimal amount of black ink is used for maintenance purpose.
