SENSE OF SHARPNESS

26.2 FULL
FRAME
CMOS
MEGA PIXELS

The 26.2 megapixel full frame sensor provides incredible detail, depth and dynamic range to your photos bringing them to life with realistic textures and tonal detail.

**SENSE OF LIGHT**

ISO 40000
25600

With a standard ISO range of 100 to 40,000, get ready to rule the night with the EOS 6D Mark II. Create masterpieces in low light by dialing up the ISO without bothering about noise.

Shot at ISO 40,000

SENSE OF FOCUS

Cross-type
Max 45-point
AF

The 45-point all cross type point AF offers unparalleled focusing speed and accuracy along with advanced subject tracking in conjunction with AI Servo AF II. Enjoy unmatched flexibility with 27 points active at f/8.0

**SENSE OF SPEED**

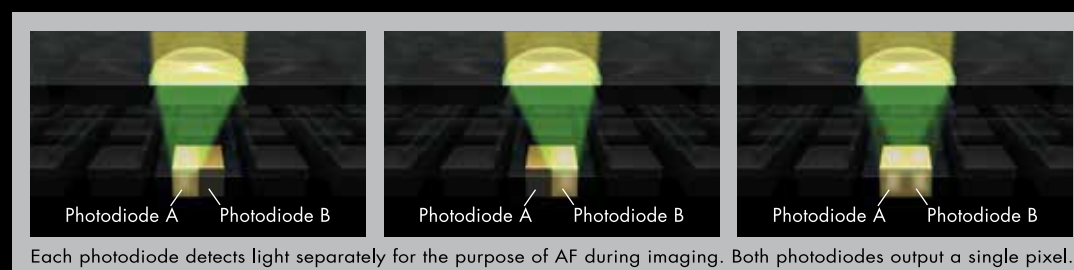

Upto
6.5 Frames
Per Sec

The EOS 6D Mark II shoots at a continuous speed of 6.5 frames per second, which is fast enough for action sports, wildlife and wedding photography, ensuring you never miss a moment.

**SENSE OF DEPTH**

Dual Pixel
CMOS AF

DAF brings unmatched flexibility and performance with accurate and responsive live view focusing and subject tracking. Use DAF while using the LCD to capture photos, or in video mode to create artistic films. This works in conjunction with the touchscreen for flawless touch/focus/click capabilities.

Each photodiode detects light separately for the purpose of AF during imaging. Both photodiodes output a single pixel.

SENSE OF CLARITY

4K
4K Time-Lapse
Movie

Create brilliant Time Lapse videos easily inside the camera with inbuilt time lapse movie mode. With the EOS 6D Mark II you can select between Full HD & 4K Ultra HD resolutions.

DIGIC
7

DIGIC 7 image processor

The new DIGIC 7 processor powers everything on the EOS 6D Mark II – from its auto focus, to light metering & image processing. Enjoy flicker free shooting, diffraction correction and many more advanced technologies powered by the latest DIGIC.

7,560
PIXEL

RGB+IR Metering
sensor

7,560-pixel RGB + IR metering sensor

The 7,560-pixel RGB + IR sensor allows the EOS 6D Mark II to shoot under even challenging light conditions and provide reliable results, with accurate metering to represent the truest possible depiction of the scene.

GPS

With inbuilt GPS capturing latitude, longitude and altitude, the EOS 6D Mark II is the camera of choice for the intrepid traveler.

Rugged & Lightweight

At a mere 685 grams (765 grams including battery and card), the EOS 6D Mark II is lightweight and compact. It also features robust weather sealing against dust and moisture ingress to make it suitable for demanding professionals.

Vari angle LCD

Touchscreen, articulating LCD

The articulating touchscreen makes usability a snap. Whether you're capturing still or video, the EOS 6D Mark II presents a seamless user interface that new users and veterans alike will greatly appreciate.

WiFi
CERTIFIED
