PRODUCT RANGE BROCHURE

October - November 2021

EOS | EOS M | EOS R | *PowerShot* | IXUS | LENSES & ACCESSORIES | SELPHY | PRO DV | CINEMA EOS

# TECHNOLOGY: DSLR/MIRRORLESS

## CANON DIGITAL TRINITY

Only Canon has a unique advantage of designing all three elements of the camera i.e. the lens, image sensor and imaging processor. This provides higher quality images in diverse shooting conditions. We call this the 'Canon Digital Trinity.'

## CINEMATIC MOVIE RECORDING

Beyond future proofing your videos, true-to-life realism with 8K<sup>\*1</sup> no-crop video recording which provides video editors the ultimate freedom to pan across footages or zoom in on any subject without any loss of quality when delivered in FHD or even 4K! With all the additional pixels, it is also possible to crop out anything distracting, reframe the composition or perform post-stabilization. 8K resolution is 4 times than that of 4K<sup>\*1</sup> and 16 times of FHD<sup>\*1</sup>.

## DUAL PIXEL CMOS AF<sup>\*2</sup>

Dual Pixel CMOS AF is sensor based, Phase Detection AF technology. It provides smooth, high performance focus tracking while recording movies and precise focus during still photo shooting. AF coverage is possible for the entire frame from corner to corner (approx. 100% x 100%)<sup>^1</sup> when AF points are set to automatic selection. The AF coverage enables a versatile and responsive experience for extreme precision, ideal for shooting with creative composition and framing.

## IN-BODY IMAGE STABILIZER<sup>\*3</sup>

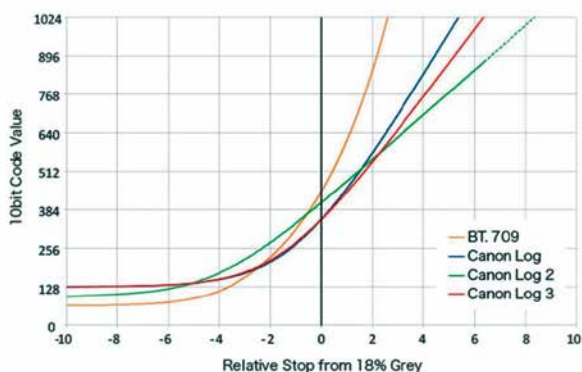

5-axis camera-shake blur correction function works in tandem with the lens's image stabilizer, effectively reducing image blur equivalent to up to an 8-stop increase in shutter speed - resulting in reduced shakiness and improved usability of footages even when shooting from challenging angles, or when shooting handheld while walking. It also dramatically expands the possibilities of capturing sharp handheld images and videos in low-light conditions.

<sup>\*1</sup> Feature available in select cameras. <sup>\*2</sup> DPAF / DPAF II is available in select cameras. <sup>\*3</sup> In-Body IS available in select cameras. <sup>^1</sup> 100% AF coverage is available in select cameras. For more information, check the product section of the brochure. All images and effects are simulated, actual image may vary. To know detailed T&C of EMI, please visit : <https://in.canon/en/consumer/web/emi-cashback-offers>

## EYE CONTROL AF\*1

Experience the power of focusing by sight which redefines the limits of focusing speed and accuracy. Direct the AF point with your eye by looking at the desired subject through the viewfinder to achieve focus and recommended in situations with multiple subjects as it provides a high degree of flexibility in switching focus quickly from one subject to another.

## Canon Log 3\*1

Canon Log 3 is widely used in the Cinema EOS System as it is less prone to blown-out highlights compared to Canon Log gamma. Rich tones are accurately rendered for high-contrast scenes. In addition, it supports not only the standard BT.709 and BT.2020 colour gamut, but also Cinema Gamut allowing users to provide visually consistent videos where supporting EOS cameras are used in conjunction with other Cinema EOS cameras.

## THE REVOLUTIONARY RF MOUNT SYSTEM\*4

The new and revolutionary RF Mount System, is the latest technological advancement in the EOS universe. Featuring a large 54mm diameter and a high bandwidth 12-pin communication system. The large diameter mount coupled with 20mm short back focus higher quality, wider aperture optics in a relatively compact size. This brings benefits of improved speed and performance that allows more image corrections (DLO or Digital Lens Optimizer) and improved performance of image stabilization.

## FUTURE OF PHOTO STORAGE^2

A cloud-based storage, the image.canon is a cloud service designed to automatically forward image data in its original format from the camera to the computer, mobile device and supported third-party services. image.canon stores the uploaded original images and videos for 30 days and offers the option of a long-term storage of up to 10GB. This gives photographers the freedom to share images to popular social media sites such as Flickr, Google Drive and YouTube.

\*4 EOS R System, RF Mount System supporter. ^2 Information may be subject to change. For more information, check the product section of the brochure. All images and effects are simulated, actual image may vary. To know detailed T&C of EMI, please visit : <https://in.canon/en/consumer/web/emi-cashback-offers>

# DSLR CAMERAS

Captured on EOS 90D, EF-S 18-135mm f/3.5-5.6 IS STM

## EOS 6D Mark II

### Sense of Genius

- 26.2 Megapixels Full-Frame CMOS Sensor
- ISO 100-40000 (Expandable to ISO 102400)
- 45 AF Points (All Cross Type)
- 6.5 fps Continuous Shooting
- 7,560 Pixels RGB + IR Metering Sensor
- Full HD 60p Movie Recording

EOS 6D Mark II  
(EF 24-105mm f/4L IS II USM Lens)  
MRP: ₹192 995.00/U incl. of all taxes

## EOS 90D

### Focus x Speed

- 32.5 Megapixels APS-C CMOS Sensor
- ISO 100-25600 (Expandable to ISO 51200)
- 45 AF Points (All Cross Type)
- 10.0 fps Continuous Shooting
- 2,20,000 Pixels RGB + IR Metering Sensor
- 4K 30p / Full HD 120p Movie Recording

EOS 90D (EF-S18-135mm IS USM Lens)  
MRP: ₹134 995.00/U incl. of all taxes  
EOS 90D (Body)  
MRP: ₹103 495.00/U incl. of all taxes

## EOS 80D

### Set Your Vision Ablaze

- 24.2 Megapixels APS-C CMOS Sensor
- ISO 100-16000 (Expandable to ISO 25600)
- 45 AF Points (All Cross Type)
- 7.0 fps Continuous Shooting
- Full HD 60p Movie Recording
- Integrated Speedlite Transmitter

EOS 80D  
(EF-S18-135mm f/3.5-5.6 IS USM Lens)  
MRP: ₹111 995.00/U incl. of all taxes

## EOS 850D

### Capture Greatness On The Go

- 24.1 Megapixels APS-C CMOS Sensor
- ISO 100-25600 (Expandable to 51200)
- 45 AF Points (All Cross Type)
- 7.0 fps Continuous Shooting
- 2,20,000 Pixels RGB + IR Metering Sensor
- 4K 30p / Full HD 60p Movie Recording

EOS 850 D  
(EF-S18-55mm f/4-5.6 IS STM Lens)  
MRP: ₹86 995.00/U incl. of all taxes

# DSLR CAMERAS

Captured on EOS 200D II, EF-S 18-55 f/4-5.6 IS STM

## EOS 200D II

### Do Great with Canon

- 24.1 Megapixels APS-C CMOS Sensor
- ISO 100-25600 (Expandable to ISO 51200)
- 9-Point AF (Centre Cross Type)
- 5.0 fps Continuous Shooting
- 4K 24p / Full HD 60p Movie Recording
- Creative Assist Function

EOS 200D II (EF-S18-55mm f/4-5.6 IS STM Lens)  
MRP: ₹ 59 995.00/U incl. of all taxes

## EOS 1500D

### Make Every Trip an EOS Trip

- 24.1 Megapixels APS-C CMOS Sensor
- ISO 100-6400 (Expandable to ISO 12800)
- 9-Point AF (Centre Cross Type)
- 3.0 fps Continuous Shooting
- Full HD 30p Movie Recording
- Built-in Creative Filters

EOS 1500D (EF-S18-55mm f/3.5-5.6 IS II Lens)  
MRP: ₹ 39 995.00/U incl. of all taxes
